

THE PROJECT A PUBLIC SPACE FOR THE CULTURE

After two years of successful celebration, Sa Pobla announces the open call for proposals for the next "Nit de l'Art". "Nit de l'Art" came up not only with the aim of recovering a deteriorated public space - the old train's promenade - through arts, but also to create new exhibition opportunities for artists.

Plaza del tren s/n, 07420 La Puebla, Illes Balears.

For a night, this place will become lively and useful. It will turn into a meeting point for cultural issues where people can share, learn and enjoy cultural activities. For this celebration, we set up a nearly-300-meters-long exhibition space where artworks and creative proposals will be shown all night long.

2018 Sa Pobla's Nit de l'Art will take place on the 28th of July. Starting in the evening, an interesting programme of cultural activities will be run during the exhibition.

We launch this call for people to start submitting projects, art proposals and artworks to be shown in the next Sa Pobla's Nit de l'Art celebration.

Participants: any interested person, individuals and collectives can participate. In the case of collectives, they must designate a representative. There are not age limits or nationality preferences whatsoever.

Proposals: the Nit de l'Art supports the creator's artistic freedom to develop their proposals. There is no limit in the number of proposals to be received. All kind of art categories will be evaluated.

The selection process will be carried out by a committee of the town council's Department of Culture, which will work to ensure the quality of the proposals and their adjustment to the conditions of the exhibition place. This commission reserves the right to dismiss unsuitable artworks.

The location of each chosen work will be designated by the mentioned selection team.

Responsabilities: Packaging, transportation, staging and insurance costs run by the participant or their representative. This person takes responsibility for their artworks in the whole process, from the beginning of the staging until the exhibition is dismantled.

There will be a team of technicians in charge of the coordination and assistance in the process of installing the exhibition until the end of the celebration. If an artist is not present, the technicians will set up the artworks following the artist's indications.

Economical management: the price of the artworks will not be shown during the exhibition but trade agreements are allowed.

The town council of Sa Pobla will not make any profit from sales, and it will not conduct negotiations either.

Broadcasting: Sa Pobla's town council is committed to doing diffusion of all artists and proposals through social media. With this only aim, the participants give their consent to publish pictures and information related to their artworks.
